

## ABOUT OUR PRINTS

The Brandenburg Gallery is dedicated to producing the highest quality print with the greatest longevity available. We have the experience, knowledge and equipment to produce high quality prints and are constantly reviewing our materials so we can offer the best product.

Our prints are produced in our studio and inspected and hand-signed by Jim. We use a high-quality professional printer, 8-color archival pigment inks and the archival papers listed below. This process produces the most accurate print with a display permanence rating of over 120 years when framed under UV-protected glass.

### Giclée Fine Art Prints

Our Giclée Fine Art Prints are made using a high-quality printer, archival pigment inks and the archival papers listed below. This printing process is much more environmentally friendly than the traditional chemical-based photographic prints. It is also a more refined, accurate process.

### Premium Luster Photographic Paper

Lightly textured photo paper with excellent color reproduction and true photographic appearance. Our standard prints in sizes 8.5x5.5, 12x8, 18x12, 12x4 and 18x6 are printed using this paper. Additional custom sizes available.

### 100% European Rag Cotton Paper

Bright white, acid-free watercolor paper with vivid color reproduction and a non-glare surface. Available in Giclée print sizes 20" or larger only.

### Canvas

Made from a durable poly/cotton blend, this unique water resistant heavyweight, quality canvas offers a high resolution coating, is pliable enough to withstand stretching without sagging, and displays a subtle texture for a true artistic look and feel. Canvas prints are also sprayed with a protective UV coating. Available in Giclée print sizes 20" (standard) and 30" (panoramic) or larger only.

## CANVAS PRINT PRICES:

Our canvas prints are available in three forms: unframed, stretched and framed. All canvas prints are sprayed with a protective UV coating.

Unframed:	The unstretched print is shipped in a tube (rolled).
Stretched:	The canvas is stretched over wooden stretcher strips.
Framed:	The canvas is stretched and finished in our brushed metal frame.
